

ECO FRIENDLY PRODUCTS

SPA OZONE GENERATORS

MCD-50
Up to 1000 gal.

Spa Eclipse Dual Voltage
Up to 500 gal.

CDS-16
Up to 500 gal.

CORD OPTIONS:

Amp cord
(MCD-50, Spa Eclipse,
& CDS-16)

120v Aeware cord
(MCD-50, Spa Eclipse,
& CDS-16)

240v Aeware cord
(MCD-50)

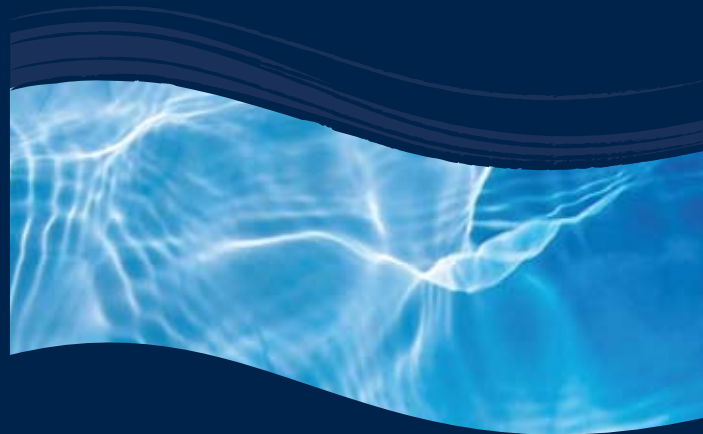

Mini Ozone cord
(MCD-50, Spa Eclipse,
& CDS-16)

Large Ozone cord
(Spa Eclipse)

SPEND LESS TIME AND MONEY BALANCING WATER CHEMISTRY.

DEL Ozone sanitation systems provide the cleanest, clearest water for your spa, with a significant reduction in chemicals. Ask your dealer about ozone and discover a better way to sanitize your spa water.

LESS CHEMICALS BETTER WATER

**SPA OZONE SANITATION
REDUCE CHEMICAL USE 60-90%**

DEL ozone™
natural spa sanitation

DEL ozone™
natural spa sanitation

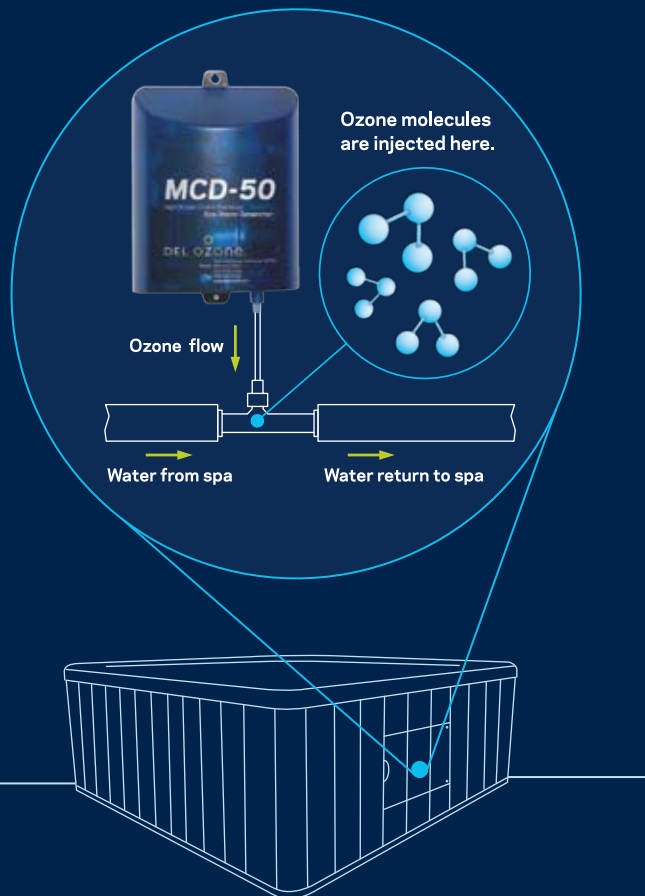

* DEL Ozone also manufactures the T3, SO & HO ozone generators.

HOW DOES OZONE WORK?

The ozone, consisting of three oxygen atoms, is injected and dissolved into the spa water where it kills or neutralizes bacteria, viruses, and other contaminants. **100% natural and biodegradable, the only byproduct of ozone sanitation is oxygen.**

► BELOW THE SPA SKIRT

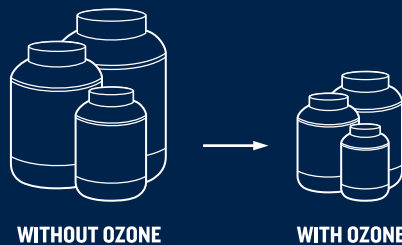

The diagram below details the location of the generator and how it all works.

WHY SHOULD YOU USE OZONE?

- Ozone reduces chemical use 60–90%.
- The only byproduct of ozone sanitation is oxygen.
- Ozone kills up to 99.99% of dangerous germs like bacteria and viruses.
- Ozone eliminates oils, lotions and other contaminants leaving you with crystal clear water.

► \$ CHEMICAL SAVINGS

SAVE UP TO *\$250/YEAR

*Based on typical chemical use for a 12 month period.

ALREADY OWN A SPA?

All spas leave the manufacturer either with ozone or are ozone-ready. If you own a spa, chances are it's got a DEL Ozone generator. If your water doesn't look or smell like it use to, it may be time to replace your ozone generator.

► TEST YOUR GENERATOR

Identify expired ozone generators with our Ozone Test Kits. Ask your dealer for more information.
