

THE CLOSEST THING TO BOTTLED WATER  
FROM YOUR VERY OWN WELL

# aquaCLIPSE

Corona Discharge Ozone Generator

## **ELIMINATE CHLORINE**

Once an exclusive to pools and spas, DEL Ozone Eclipse™ technology is now available for well water. This innovative, reliable, high-output corona discharge ozone unit is easy to install on new, existing or multiple atmospheric tanks and there's no plumbing required.

With the Aquaclipse you'll enjoy refreshing, crystal clear water that's free of chlorine, chemical byproducts and chemical residue.

*Eliminates hydrogen sulfide odor*

*Reduces calcium build-up by eliminating biofilm*

*Improves water quality and clarity*

*Oxidizes organics that affect taste and color*

*Oxidizes iron, copper, manganese and zinc, enabling them to be filtered or settled out*

DEL Ozone systems have been tested by NSF and proven to kill 99.99% of microorganisms found in water including E. coli, Giardia and Cryptosporidium. Ozone is an EPA recognized antimicrobial and is EPA Disinfection By-Product Rule Compliant.

**DEL Ozone. Offering Green Solutions Since 1975.**

Corona Discharge Ozone Generator

	Specification
<b>Dimensions</b>	16" x 20" x 12"
<b>Material / Finish</b>	Plastic Weather Resistant
<b>Color</b>	White, Tan
<b>Access</b>	Tooled
<b>Mounting</b>	Post or Wall Mountable
<b>Weight</b>	<35 lbs.
<b>Voltage</b>	120 VAC or 230 VAC
<b>Frequency</b>	60 or 50 Hz
<b>Current (Max)</b>	2A @ 120 VAC 1A @ 230 VAC
<b>Power (Max)</b>	240 W
<b>Electrical Connection</b>	8 ft cord with Nema 5-15 plug (120 V) or Flying Leads (230 V)
<b>Temperature</b>	Min: 20° F Max: 120° F
<b>Ozone Output (mg/hr)</b>	350 - 500
<b>Air Flow @ Head</b>	21 scfh @ 2 ft
<b>Max Head</b>	12 ft
<b>Controls</b>	Main Power Switch; 24 hr Timing
<b>Parts Bag Supplied</b>	30 ft Tubing Dispersion Stone Manual Check Valve
