

Save money guaranteed protection with SeaKlear Solar Shield

Made in USA

SeaKlear Solar Shield

Ultra-thin, invisible barrier helps protect your pool from evaporation and heat loss.

Reduces Heat & Water Loss

Minimizes heat loss by forming a harmless, invisible barrier on the surface of water to reduce evaporation.

Family-friendly

A safe alternative to traditional covers, making this a family-friendly option for children and pets.

Long Lasting – 30 Days of Protection

Provides up to 1 month of protection per dose, while other liquid cover products need to be added daily or weekly.

DOSAGE: 8 oz per 500 sq ft of surface area or 15,000 gal of pool water.

DIRECTIONS FOR USE: Shake bottle before using. With the pump running, add 8 oz. per 15,000 gal of water. (For best dispersion, add Solar Shield in front of pool return line or to skimmer). Run the pump daily for proper circulation.
