

Superior solutions to simplify pool care

Introducing SeaKlear Pods, the newest innovation from SeaKlear. Taking care of a pool can be a huge hassle. Show your customers that it doesn't have to be.

Weekly Pool Care

Phosphate remover, clarifier, enzyme. No bottles required.

One pod tossed in the skimmer once a week will keep water clear, phosphates low, and surfaces safe from scummy build-up.

Each pod is designed to treat up to 15,000 gallons of pool water.

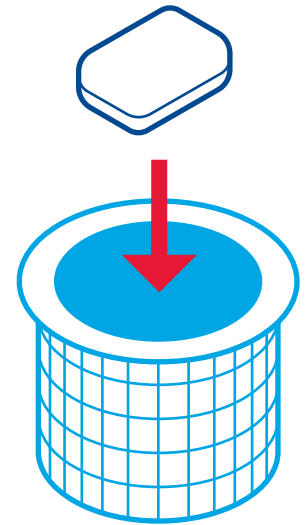

Cloudy Pool Cure

A super-concentrated natural clarifier, without pouring, dosing, or hassle.

One pod, tossed in the skimmer, will restore even the cloudiest pools to sparkling clarity in a matter of hours.

Each pod is designed to treat up to 15,000 gallons of pool water.

The same leading solutions your customers trust, now with **less work.**
